

Masterpiece

Masterpiece is the original giant painting challenge, where the whole group has to work as one, to create ultimate Masterpiece. This challenge is an exciting team building event that encourages the team to get those creative juices flowing and create a giant size masterpiece of a famous painting, company logo or graffiti art work.

This event is about the Big Picture, with teams of 6-8 not only paint their piece of the Masterpiece, but also they need to complete a series of mini challenges to win paints and equipment from our very own art shop, and additional previews of the masterpiece blueprint. These tasks involve an array of fun physical, skill and creative challenges. This is a hugely collaborative event, which requires teams to share knowledge with other teams, to ensure the picture fits together and produces the ultimate Masterpiece.
