

Meet Harv Sethi

I have over 30 years of experience in the travel and events industry, delivering large-scale events for globally recognised organisations.

In early 2026, I developed an innovative travel widget. This tool supports in-house event planners and organisations considering travel-based experiences as a way to enhance client wellbeing.

For many individuals in both residential and home care, particularly those accustomed to travel and leisure, opportunities often become restricted. This can contribute to a sense of isolation. The Travel Widget helps address this by enabling carers and families to easily explore and arrange travel experiences on behalf of residents.

Care providers can enhance residents' wellbeing by opening up meaningful travel experiences and supporting greater independence and choice in their lifestyles.

TravelMyWay.co.uk does travel differently. We're a UK-based company built around you, bringing great-value holidays, flight deals, and flexible travel options together in one place.

From cheap last-minute breaks to fully packaged holidays and group getaways, finding the right deal is fast and simple—backed by ATOL protection and ABTA membership for total peace of mind.
